---

CAREER OBJECTIVE

Motivated and enthusiastic B.Tech Information Technology fresher seeking an entry-level opportunity as a Front-End Developer or UI/UX Designer. Skilled in HTML, CSS, JavaScript basics, and Figma, with an interest in creating responsive websites and user-friendly interfaces. Eager to apply my technical and creative skills, learn new technologies, and contribute to organizational growth.

EDUCATION

B.Tech – Information Technology (Honours)

Final Year | Expected Graduation: 2027

Mohamed Sathak Engineering College, Kilakarai.

CGPA: **8.42** (Upto 6th Sem)

TECHNICAL SKILLS

Programming Languages: Python (Basic), C (Basic)

Web Technologies: HTML, CSS, JavaScript (Basic)

Tools: Visual Studio Code, Figma, Canva, MS Excel

Concepts: Programming Fundamentals, UI/UX Design

PROJECTS

1. Placement Portal – Web Development Project | HTML, CSS, JavaScript

Developed a basic placement portal using HTML5, CSS3, and JavaScript.

Created pages for user registration, login, job listings, and dashboard.

Designed a simple and user-friendly interface.

2. WhatsApp UI/UX Redesign – UI/UX Project | Figma

Redesigned WhatsApp chat reminder functionality using Figma.

Created screens for message selection, date selection and time reminders.

Focused on improving user experience and usability.

3.Personal Portfolio Website | HTML5, CSS3, JavaScript

Build a responsive portfolio website to showcase my projects.

Added interactive features like a Dark/Light theme toggle and project category filters using JavaScript.
